Hi Kent, Blair and Suzanne,

Thank you for your support as we refresh the surface treatment on Broadway. You may have already touched base with CD14, but wanted to send along some detailed information and specific requests to make sure the process goes smoothly!

Attached is an outreach flyer with details on the activities that will begin the **week of June 8th**, lasting for a week and a half.

We know the great work your crews perform on a day-to-day basis to keep the corridor looking its best. However, during the removal and installation period, we ask for your cooperation in:

- **not using any water** on the sidewalks or expanded pedestrian areas, avoiding any activities that would send water from the sidewalk into the roadway
- kindly asking business owners to do the same, and stopping them if you see them using water!
- requesting that residential building management cease any wash downs on rooftops - the roof drains flow directly into the roadway
- encouraging the public not to enter any of the areas cordoned off by tape - the expanded pedestrian areas - so that the crews can do their work and the treatment fully cures

We apologize for any inconvenience and appreciate your understanding. These requests are to ensure that the new treatment properly adheres to the roadway.

LADOT has initiated door-to-door outreach on the corridor with flyers speaking to each and every ground-floor business, so we appreciate your added support!

Also - we ask if you could distribute these flyers electronically to Broadway-specific stakeholders in your districts, and specifically notify residential building owners about the need to temporarily suspend rooftop washing for that week.

Thank you very much, and please let us know if you have any questions.
Best regards,
Valerie

Good afternoon! I was given your contact info from Marie Rumsey who works with me. We are holding our 9th Annual Dog Day Afternoon at the Cathedral on July 8th. I am writing you to see about getting a City Proclamation for the Monsignor at the Cathedral. He has been a huge supporter of this event and he is leaving this summer. Hey David,

Thanks for the invite to this. Have been meaning to reach out to connect after meeting at Ava's party. Was a pleasure and would like to continue the conversation about ways we can work together. How about lunch sometime soon?

Let me know what your schedule looks like over the next few weeks. Mine is fairly flexible.

Thanks.

Green-Backed Sharrows

Our feature photo is that of the first "highlighted shared lane markings" in the City of Los Angeles. LADOT worked closely with Councilmember Mike Bonin's office to provide this new treatment along Washington Boulevard between Pacific Avenue and the Beach Bike Path. Our field crews installed the four green-backed sharrows to help bicycle riders position themselves in the traffic lanes on this block for a smoother transition onto the beach bike path.

LADOT Presents...

How Can We Do Better?

LADOT Transit Services Bureau has begun a new Transit Service Analysis entitled "Moving Forward...Together." While the analysis will study technical aspects affecting route planning such as new development, demographic changes, current and potential ridership, cost effectiveness and mobility needs, a key factor in the analysis is input from riders, potential riders, employers, social service agencies as well as other major stakeholders who represent targeted populations throughout the City of Los Angeles. And the Winner Is...People St

People St has done it again! We are proud to announce that People St has been awarded the 2015 Award of Excellence for Planning Best Practices by the American Planning Association's (APA) Los Angeles Chapter. Many thanks to Councilmember Jose Huizar, and especially his Transportation & Planning Deputy, Kevin Ocubillo, for nominating LADOT's innovative program for this award. Thank you to Robin Abad for helping with the award submittal package too. Big thanks go out to the consultant team that did the heavy lifting on formalizing the branding kit of parts and the inner workings of our public-facing program materials and structure, and to those of you working on our ongoing projects and evaluations activities. And to the brave souls in the City Family who participated in this program's formalization – your contributions are truly appreciated. And the Winner Is...People St

People St has done it again! We are proud to announce that People St has been awarded the 2015 Award of Excellence for Planning Best Practices by the American Planning Association's (APA) Los Angeles Chapter. Many thanks to Councilmember Jose Huizar, and especially his Transportation & Planning Deputy, Kevin Ocubillo, for nominating LADOT's innovative program for this award. Thank you to Robin Abad for helping with the award submittal package too. Big thanks go out to the consultant team that did the heavy lifting on formalizing the branding kit of parts and the inner workings of our public-facing program materials and structure, and to those of you working on our ongoing projects and evaluations activities. And to the brave souls in the City Family who participated in this program's formalization – your contributions are truly appreciated. The APA Los Angeles Awards Gala will be held on June 25, 2015 at 6:00 PM at the Alex Theatre in Glendale. Full [details can be found here](#).

LADOT's What We Do Series - Materials Services Section

Hi Herman, I have some questions concerning your 2016 data submittal. I am assuming that all of the increases in the assessments on the following parcels are due to new buildings being currently occupied? If so, I need to know the bldg sqft you're using for the 2016 asmts for those parcels:

[5139004026](#) - NEW APARTMENT BUILDING opened Jan 2015 formally a parking lot. (314,653 Blg Sq Ft from Architects Website <http://tca-arch.com/olympic-and-hill/>, site formally a parking lot. Per DTNews)

[5144020195](#) - 052915 - HP: Mario from Assessor's Office informs me that COFO for the Blg was issued on 03-10-2015.

041515 - HP: Updating Gross Sqft from 30,420sqft to 588,531sqft as listed on developer's website.

5151004919 - Emerson Apartment, Using Blg SqFt of 271,111 SqFt from Los Angeles Business Journal website as ZIMAS still has no data.. Building SqFt info from <http://www.largearch.com/work/parcel-m> changed from 335,000 sqft when viewed back on 021515 the site now list this property at 445,000 sqft.
051315 - HP: Per DT News Article Opened Oct 2014

The rest of the data looks good.

The Pershing Square Summer Concert Series is around the corner . I wanted to request your team for our Saturday night back stage area. A total of 6 officers would be great. Please let me know if you need further information. I have attached a list of our concert series dates and artist for your team. As always your sponsorship is appreciated.

Subject: Hello friends and business owners

Hello all,

Once a year the Los Angeles Police Memorial Foundation holds a Celebrity Golf Tournament to raise funds for the foundation. This is the only official charity for the Los Angeles Police Department. The monies raised go to support the families of the officers who have paid the ultimate sacrifice. An example would be for the funerals of all the officers who died in the line of duty last year. It also goes to support special medical needs of those injured in the line of duty. Finally, the Foundation has made a solemn promise to every officer that if he or she falls in the line of duty, the Foundation will send their children to a college of their choice, fully funded. This year alone, six children of fallen LAPD officers are entering college. So you see there is a huge financial need for support.

As the Charity Coordinator for Central Area, it was suggested that I reach out to the local businesses and residents of Central Area to see if they would be interested in assisting or attending the tournament. This year the Central Traffic Cars for Tots Car Show will be held at the same location. So you will be getting two events for the price of one.

The tickets are \$5.00 each, or come in a book of (4) for \$20.00. They make great gifts for employees or friends. I have many books available.

I do not wish that you feel any obligation. If you are interested, or know someone I can contact. Please let me know. I will deliver the tickets or books.

Have a great day and hope to hear from you.

Respectfully,

Mike

Subject: Re: Broadway Dress Rehearsal Installation - Things to Avoid During Installation

Update: Thank you, all, for your excellent partnership in installation coordination and notification.

As of today, the surface areas are sealed. This means you can go back to your usual activities on the sidewalk like washing down the areas with need, etc., and buildings can again use water on rooftops.

Over the next several days, we will be working up and down the corridor to: install new perimeter striping; freshen up colored curb zone paint; re-install planters; and re-install flexible delineators. Parking and loading restrictions will remain in place, and we have worked with sensitive businesses (i.e. ACE Hotel; DAC Gallery) to give intermittent access as feasible to minimize impacts on their operations.

Please wait for our word on when it's safe for business operators to again place furnishings in the pedestrian areas. Let us know if you have any other questions about the remaining install activities.

Best,
Valerie

Urgent: please instruct your forces not to spray water anywhere on Broadway so that our contractors can finish their work. I just had to ask bid workers to stop 6th-7th Eastside.

Again this is both sides of Broadway until further notice.

Thank you for your cooperation.

Good morning.

Installation will continue on Broadway through mid week. Could I ask if you could reach back out to your networks and reinforce that the no water on sidewalks and rooftops is still in effect?

This is critical juncture where this is truly important.

Hi Kent, Blair and Suzanne,

Thank you for your support as we refresh the surface treatment on Broadway. You may have already touched base with CD14, but wanted to send along some detailed information and specific requests to make sure the process goes smoothly!

Attached is an outreach flyer with details on the activities that will begin the **week of June 8th**, lasting for a week and a half.

We know the great work your crews perform on a day-to-day basis to keep the corridor looking its best. However, during the removal and installation period, we ask for your cooperation in:

- **not using any water** on the sidewalks or expanded pedestrian areas, avoiding any activities that would send water from the sidewalk into the roadway
- kindly asking business owners to do the same, and stopping them if you see them using water!
- requesting that residential building management cease any wash downs on rooftops - the roof drains flow directly into the roadway
- encouraging the public not to enter any of the areas cordoned off by tape - the expanded pedestrian areas - so that the crews can do their work and the treatment fully cures

We apologize for any inconvenience and appreciate your understanding. These requests are to ensure that the new treatment properly adheres to the roadway.

LADOT has initiated door-to-door outreach on the corridor with flyers speaking to each and every ground-floor business, so we appreciate your added support!

Also - we ask if you could distribute these flyers electronically to Broadway-specific stakeholders in your districts, and specifically notify residential building owners about the need to temporarily suspend rooftop washing for that week.

Thank you very much, and please let us know if you have any questions.

Best regards,

Valerie

Good afternoon! I was given your contact info from Marie Rumsey who works with me. We are holding our 9th Annual Dog Day Afternoon at the Cathedral on July 8th. I am writing you to see about getting a City Proclamation for the Monsignor at the Cathedral. He has been a huge supporter of this event and he is leaving this summer. The DCBID would love to honor his service with the proclamation. I'm not sure of the process, so I'm hoping you can assist.

So I placed the order in for the Monsignor and it should be in our office on the 7th of July, that way someone from your office could come by and pick up for the event on 7/8/15.

Best,

Hi- I have lived DTLA since 2005. In that time I have seen many great changes and exciting growth which I had envisioned would happen when I bought (then lost) a condo but still decided to stay in "my NYC" (closest i can get).

Sadly one of the things that didn't change is my city council person Jose Huizar who has a finely tuned ear to things he cares about and is tone deaf to anything not in his special interests.

One of those things is--the need for an off leash size able dog park. Many years we have asked (according to the 2013 survey 46 percent of DTLA have pets while the 2011 survey had kids at around 6 percent). Many years we are ignored.

The ripping out of mature pretty trees in Pershing square started with the installation of "checkers" tables (no chairs, no checkers, no shade, ZERO people). Now we are appalled by the sudden ripping out of the Mature shade trees in the south and west areas to install not one but TWO "playgrounds" even detailed by age!!

Of course NOBODY I have chatted with over the years in the dog potty area (that just can't commit to being a dog park for lack of a few benches, a gate, and a council person who reads his emails) has ever longed for a...playground.

A proper gorgeous FOUNTAIN (instead of Godzillas Urinal) a DOG PARK. Yes. Playground -No.

The area immediately around Pershing Square is busines, restaurants, clubs with a tourist/hotel demo. And residents (median age 34).

But are there...Children? For special events like skating or a movie-- but day to day? The children's park on SPRING is predominantly vacant. I have yet to see more than 2 children there at any random time!!

So I have decided to put some facts together and start an online and manual petition to address mr Huizars perplexing inability to offer anything enjoyable, attractive or desired to the residential community.

Not to mention who voted to paint the eyesore colossus "pepto bismal ball tower" PURPLE again?? We all thought it was going to be demolished!! It begs to be put out of its second grader design misery for all time.

Can you help me get ahold of the most current PET AND CHILDREN RESIDENTIAL statistics for DTLA?

I want the most credible and accurate numbers to quote for the petition. I don't even see any CHILDREN stats in the 2013 poster. Was the question asked for the 2013 survey?

Thank you for any help or pointing me in direction to obtain stats!

Sincerely
Whitney Smith

LADOT

Moving Los Angeles Forward

What We Do Series: LADOT's Hollywood-Wilshire District Engineering Office

LADOT's Hollywood-Wilshire District Engineering Office is under the direction of Transportation Engineer Jeannie Shen. The office is located at 6501 Fountain Avenue in the heart of Hollywood. Jeannie and her staff are responsible for the traffic engineering concerns from the 700,000+ residents and businesses of council districts 4, 10 and 13. The team's goal is to provide excellent customer service by responding to [MyLADOT](#) online requests, telephone queries and walk-ins on a daily basis.

LADOT's Outstanding Performers

Members of the Transportation Committee along with LADOT General Manager Seleta Reynolds recognized Traffic Officer Mikisha Shirley of the Parking Enforcement and Traffic Control Division and Tina Backstrom of the Communications Office for their great efforts in providing excellent customer service and making our department a better place to work.

Traffic Officer Mikisha Shirley, currently assigned to the Venice Beach area, is a dedicated employee who takes pride in providing outstanding customer service to the constituents of the City of Los Angeles. She consistently goes above and beyond her respective job duties to help the department meet its mission.

Tina Backstrom, as Lead Media Relations Officer excelled – taking on the challenge with professionalism and enthusiasm. Her ability to communicate and respond to the media with accurate information ensuring transparency is paramount. Tina recently became certified as a Licensed Traffic Engineer and has been promoted to Engineering Associate III. She will now be working with LADOT's Project Delivery Team in the Metro Projects section where she without a doubt will be a great asset.

Congratulations to both of these exemplary employees.

DASH Bus Shelters Will Integrate Real Time Arrival Info with Metro

Today, Mayor Eric Garcetti, Councilmember Joe Busciano and Public Works Commission Vice President, Monica Rodriguez, unveiled the city's first integrated Real Time bus arrival information at the Spring Street mid-block bus shelter located in front of Grand Park. This partnership

between the two largest transit providers in the County of Los Angeles also brings the added benefit of WiFi reception, phone charging station, and better LED lighting for safety of people who ride transit. Look for more bus shelters to come on line in the near future.

This morning, LADOT engineers and field crew staff joined Councilmembers and Transportation Committee members, Paul Krekorian and Tom LaBonge, to dedicate the intersection of Lankershim Blvd. and Weddington St. in North Hollywood as "Guy Weddington-McCreary Square". (Pictured to the right.)

Sign up is limited due to space on the bus. We will also be purchasing a needed community gift to be utilized by recovering military personnel. Also-bring a gift for a soldier!

Please join us! We will be in Class A Uniform with cover and those Department personnel with prior military service are encouraged to wear their military ribbons. This will be one of those moments you will remember for the rest of your career!

FOR IMMEDIATE RELEASE

Communications Office, (213) 972-8406

NORTHEAST LA BICYCLE FRIENDLY BUSINESS DISTRICT HEATS UP WITH SUMMER RIDE: THE SPINTACULAR FIREWORKS NEIGHBORHOOD TOUR

LOS ANGELES, CA (June 25, 2015)- LADOT is a proud partner in the Northeast LA Bicycle Friendly Business District (NELA BFBD) Summer ride: The Spintacular Fireworks Neighborhood Tour. The Bicycle ride, sponsored by Metro and led by C.I.C.L.E., will take place on Sunday June 28th from 5:00 - 8:00pm, and traverse 5 miles of Northeast LA's bustling business corridors, taking riders to Councilmember José Huizar's 6th Annual 4th of July Fireworks Show at the Eagle Rock Recreation Center for a sparkle-filled evening of bicycles, fun, and games. Riders of all ages and abilities are encouraged to join this spintacular ride!

Along the way, learn about what makes Northeast LA a special place to walk, roll, and ride! The ride will stop at the York Boulevard Bicycle Corral for a Street Innovation Tour, led by Mark Vallianatos of the Occidental College Urban and Environmental Policy Institute (UEPI). The tour will highlight York's public spaces and innovative street features.

Riders are encouraged to show their patriotic flare on their wheels and beyond in the Red, Ride, and Blue Bicycle Decorating and Costume Contest. Participants will have an opportunity to win even more prizes at the Spin the Wheel Trivia game, testing riders on their local knowledge and Los Angeles bicycle trivia.

"The Spintacular Fireworks Neighborhood Tour highlights two local efforts I am passionate about – our 6th Annual Eagle Rock Concert and Fireworks Show and the NELA Bicycle Friendly Business District program," said Councilmember José Huizar. "The NELA BFBD is all about encouraging bicycle riders to support local businesses and enliven the public realm and the reason I brought back the fireworks show after decades without one in Eagle Rock was to encourage safe and family friendly public gatherings where people could also support local organizations and businesses. The Spintacular Fireworks Neighborhood Tour is a perfect match and thanks to LADOT and all our partners for their support."

Ride participants will travel at a casual speed, slowing down to stroll, take in the local scenery, and explore local businesses and culture. Riders should bring a helmet, water, bike locks, bike lights, cash for food, blankets, and jackets for the fireworks show. Secure bike parking and a reserved seating section will be provided at the Fireworks show for Spintacular Riders.

The Spintacular Fireworks Neighborhood Tour has been spearheaded by the NELA BFBD Steering Committee of local stakeholders and represents a collaboration and partnership between businesses, the community, and the LADOT Bicycle Program. The primary goal of the partnership is to bring more people to local businesses by bicycle. The NELA BFBD accomplishes this by implementing bicycle infrastructure enhancements to the neighborhood like bike lanes, corrals, and repair stations; offering promotional incentives to people arriving by

bicycle; and overall, encouraging customers and employees to take local trips to business corridors on bicycles rather than in cars.

LADOT General Manager Seleta Reynolds says, "We applaud our partners in the Northeast Los Angeles Bicycle Friendly Business District for their innovation and support of safe, beautiful streets. Rides like the Spintacular Fireworks Neighborhood Tour illustrate that getting around by bicycle is a fun and practical way to learn about your community and explore local businesses."

The NELA BFBD is the first pilot BFBD in Los Angeles and includes Colorado Boulevard, York Boulevard, N. Figueroa Street, and Eagle Rock Boulevard. Councilmember Jose Huizar has been a great supporter of people walking and biking to local businesses and for short trips. The Spintacular Fireworks Neighborhood Tour showcases how getting around the neighborhood on a bicycle can foster community and invigorate economic activity.

For more information about the event, visit <http://tinyurl.com/NELAUSA> or email elizabeth.gallardo@lacity.org. To learn more about Bicycle Friendly Business, or to opt in to the Bicycle Friendly Business Program visit <https://ladotbikeblog.wordpress.com/bicycle-friendly-business-program/>

Events like the Spintacular Fireworks Neighborhood Tour would not be possible without those who have helped plan, sponsor, and facilitate the program. Special thanks to Metro, Councilmember Jose Huizar and Council District 14 staff, the Eagle Rock Neighborhood Council, C.I.C.L.E., the Bike Oven, Occidental College Urban and Environmental Policy Institute, LA River Corp, and the Los Angeles County Bicycle Coalition

Sara,

I wanted to follow-up with you regarding a speaking invitation for our 9th Annual Dog Day Afternoon on Wednesday, July 8th, from 6-9pm. I sent a invitation to Councilmember Jose Huizar asking him to attend and give a few remarks. I know you gave remarks last year, so I wanted to confirm you were available again to speak this year. Also, I would like to see if your office would like to have a table for information and such at the event. If you could confirm you're able to attend again this year at your earliest convenience, that would be great.

We're looking forward to another success Dog Day Afternoon event with over 1,500 humans and over 1,000 dogs.

Best,

I am the new Director of Economic Development for the DCBID and I was unfortunately unable to attend your presentation at the South Park BID Board Meeting, which Suzanne Holley said was highly informative, so I wanted to get in touch to see if we could set up a meeting to discuss. One of my main responsibilities is supporting developers, so understanding your policies and process would be immensely valuable.

My schedule is fairly flexible over the next few weeks if you've got some time.

Just spoke to Ryan

Before he can give us estimates of costs.. he needs the event layout plan to determine Engineering & power needs.

Even though this is an LAPD event.. they will deploy security.. about \$1000

On estimate.. looks like at least \$2-3k for venue..

TODD: Do you have a site map set up?? If not, we need to get that to him ASAP.

Randy: Can you please reach out to insurance carrier for Event Coverage plan.

Subject: Downtown Street Closures this July 4th weekend

Attachments: 07-04-15 Grand Park Block Party Street Closure Layout_1.pdf; Immigration March 7-4-15.pdf

This Saturday, there will be street closures for 2 events.

The first and largest is the Grand Park 4th of July Celebration. This will involve the closure of all the streets around the Grand Park on Saturday. These closures will begin on Friday July 3rd after rush hour traffic. The attached map indicates the closure hours for each street.

Grand Park will have a fenced perimeter for this event and security will conduct bag checks for those entering. Gates for that event will open at 3 PM

The second event is an Immigration March on Saturday. This group is in opposition to the Federal Injunction stopping President Obama's Immigration Policy. They have obtained a Police Commission Street Closure Permit to march from Olympic and Broadway to the Federal Courthouse at 312 N Spring Street.

The group will assemble on Broadway south of Olympic between 10 AM and 11 AM. At 11 AM they will begin marching northbound on Broadway to 3rd Street. Due to the above Grand Park closures, they will turn eastbound on 3rd Street to Los Angeles Street. At Los Angeles Street they will turn north to Temple Street, then back westbound to Spring Street. At Spring Street they will turn northbound at stop at the Federal Courthouse (312 N Spring Street). They have a permit to rally at that location until 4 PM. The length of the rally will likely depend upon the size of the crowd.

The organizer for this event has indicated he expects 20,000 persons. There have been 2 similar protest marches in the past 6 months. Each has drawn approximately 120 persons. Additionally there is not a lot of activity regarding this event on social media sites.

LAPD will conduct the street closures. Depending on the size of the crowd, they may be a short term full closure or a rolling closure. Either way, the closures will likely be between 11 AM and 12:30 PM. The closure in front of the Courthouse is permitted until 4 PM.

Please pass this information to any person who may be impacted.
